CPD Seminar

Date: Thursday 26th November 2026
Time: 0900 to 1700 hours
Venue: Civil Aviation Training Institute Hyderabad

LEADERSHIP IN DIGITAL ERA

OBJECTIVE

To equip participants with practical insights and strategic understanding of leadership in the digital era, enabling them to lead effectively through technological change, harness digital tools and data for informed decision-making, build agile and innovative teams, and strengthen organizational resilience, sustainability, and competitiveness in the aviation sector.

TARGET PARTICIPANTS

Senior and mid-level professionals from the aviation sector, including airline, airport, regulatory, engineering, operations, and administrative personnel, as well as policymakers and industry stakeholders seeking to strengthen their leadership capabilities in an increasingly digital environment. The seminar is also suitable for early-career professionals, academicians, researchers, and students aspiring to develop expertise in digital leadership, organizational change, and industry transformation.
